**STUDENT REFERRAL**

The Cinderella Project of New Hampshire ("CPNH") is a non-profit organization, qualified under IRS Code 501 (c) (3). As such, recipients for services provided by CPNH must be referred through a school official, such as a guidance counselor, or through a community social service agency. Generally, any young lady residing with a family who is currently receiving any type social service assistance will automatically qualify to receive "Cinderella" benefits. In addition, CPNH benefits are available to young women needing assistance due to special circumstances such as illness or temporary unemployment. CPNH does NOT need to re-qualify the recipient, but will rely on the referring party to determine that a teen qualifies.
